

Did You Know?

Multivista has **4-View™ Print & Email**

- View image, plans, comments and other details in one place
- Secure sharing with all project stakeholders
- Export PDF for print or email via secure web-link
- Visual record of all project activity and comments
- Enhanced reference features allow you to identify the exact location of any point on your plans

Utilize Multivista Construction Documentation to share visual project updates and information with team members. Our 4-View™ Print & Email feature allows users to produce a high-resolution PDF of a specific construction photograph with location information and comments. The PDF can be shared with all stakeholders via print, the internet or email.
